SESSION DESCRIPTION:

Embark on an examination of the ever-evolving landscape of data science in our special session, "Data Science Frontier: Innovations and Applications." This unique event brings together experts, researchers, and practitioners to delve into cutting-edge subjects driving the future of data-driven decision-making. From big data analytics and predictive modelling to natural language processing, healthcare analytics, financial analytics, and beyond, attendees will immerse themselves in conversations on the newest breakthroughs in data science. The session attempts to untangle the intricacies of data governance, ethics, and visualization, delivering insights into the transformational uses of data science in many domains, including education, social media, and spatial analytics. Moreover, it will study the convergence of data science with cybersecurity, quantum computing, Industry 4.0, and cyber-physical systems. Join us for an informative voyage into the vanguard of data science, where innovation meets application, guaranteeing a dynamic interchange of ideas and discoveries that will reshape the landscape of data science.

RECOMMENDED TOPICS:

1. Data Science in Industry 4.0 applications
2. Embedded systems through IoT and Data Sciences
3. Predictive Modelling and Forecasting
4. NLP in data science
5. Data Governance and Ethics
6. Healthcare Analytics
7. Fintech Analytics
8. Social Media Analytics
9. Spatial and Geospatial Analytics
10. Data Visualisation and Interpretability
11. Data science in Education
12. Secure Data Sharing and Collaboration
13. Cybersecurity Analytics
14. Quantum – Secure Data Science
15. Data Science in Cyber Physical Systems

SUBMISSION GUIDELINES:

Researchers and practitioners are invited to submit papers for this special theme session on "Data Science Frontier: Innovations & Applications" on or before 15th March 2024. All submissions must be original and may not be under review by another publication. INTERESTED AUTHORS SHOULD CONSULT THE CONFERENCE'S GUIDELINES FOR MANUSCRIPT SUBMISSIONS at https://icdam-conf.com/downloads .

All submitted papers will be reviewed on a double-blind, peer-review basis.

NOTE: While submitting a paper in this special session, please specify "Data Science Frontier: Innovations & Applications" at the top (above paper title) of the first page of your paper.
