

Call for Papers for Special Session on "Application of Machine Learning, Deep Learning and Artificial Intelligence"

Theme of the Special Session

Aim of this special session is to provide international exposure for presenting and publishing of the research work in the area of data analytics, data engineering, machine learning and artificial intelligent system. The objectives of this session can be illustrated as:

- To provide international platform to researchers and scholars to present their work.
- To publish the research papers in the international proceeding and journals
- To interact with scholars in above area for re-enforcing the personal skill and knowledge at global level.
- To explore the future research opportunities and open problems.

• Topics of Interest:

•

- We invite original (un-published) research contributions Based on the above-mentioned theme including following topics but not limited to:
 - Artificial Intelligence and control systems
 - Emerging Technologies in Data Engineering
 - Data Analytics
 - Machine Learning
 - Statistical Modeling and Learning
 - Big data management and Intelligent systems
 - Mathematical Modeling and simulations
 - Data Modeling
 - Image data Modeling and equation modeling

Thanks and Regards

Dr. Archana Singh

M.Tech(CSE), Ph.D(CS&Engg)

Professor,

Dept. of IT,

Amity School of Engineering and Technology

ASET-IT, E3 2nd floor,

Sec-125, AUUP, NOIDA
