On 25th - 26th June, 2022

***** **CALL FOR PAPERS** *****

SPECIAL SESSION ON

Futuristic and Current Trends in Information Technologies

SESSION ORGANIZERS:

Dr. Puneet Kumar Aggarwal, ABES Engineering College, India
puneetaggarwal7@gmail.com

Dr. Parita Jain, KIET Group of Institutions, India
paritajain23@gmail.com

SESSION DESCRIPTION:

Due to advancement in technology and due to rapid growth and wide spread use of information systems there is a need for adoption of information technology in every sector of the economy. Information technology is a vast area and used in broader term but most commonly it is used in context of computers and telecommunication equipment's which are useful in every organization. Organizations and individuals around the world spend billions of dollars each year providing and using information technology. Technology is the combination of several aspects including data, information, knowledge and wisdom. Current trends are improving and presenting new functions in fields like medicine, entertainment, business, education, marketing, law enforcement, and more. Information technology is advancing so rapidly that new developments are quickly replacing current projections.
